

MYSTERY SHROUDS A HURRIED SESSION AT THE WHITE HOUSE

Mississippi Senator Summoned
So Abruptly He Found It
Necessary to Fly

MUCH CONJECTURE

One Guess: President Impos-
ing Old Age Insur-
ance Taxes

By George Durno
(I. N. S. Staff Correspondent)

WASHINGTON, D. C., Aug. 13.—(INS)—Shrouded in deepest mystery, President Roosevelt had arranged a White House breakfast conference this morning with Senator Pat Harrison (D), Mississippi, and Rep. Robert L. Doughton (D), North Carolina, preliminary to his departure for a sally into the politically important States of Pennsylvania, Ohio and New York.

Harrison is chairman of the Senate Finance Committee and was summoned to Washington from Mississippi so abruptly he had to fly to make connections. Doughton is chairman of the House Ways and Means Committee. These are the committees whose prime function is to write tax bills and provide Federal revenue.

White House officials promised an important announcement before the President boarded his special train in mid-morning for Johnstown, Pa. They refused to discuss the breakfast conference in advance.

Overnight, speculation was rife in Washington on the purpose of the Harrison-Doughton conference. One guess was that Mr. Roosevelt might suggest a delay in imposing old age insurance taxes under the Social Security Act pending further study of the complexities of the problem. Another was that the President might call his Senate and House Committees back for a preliminary study of revenue needs in view of recent developments, both favorable and unfavorable.

Buckmanville Girl Dies As the Result of Burns

BUCKMANVILLE, Au. 13—A girl of six years died in Abington Hospital, Tuesday night, as the result of burns sustained at her home. The little victim was Alice Mabel Jones, daughter of Mr. and Mrs. Elmer Jones.

The child and her brother, it is claimed, were using a match as they searched a closet and the girl's dress caught fire. She was rushed to the hospital, after being given first aid treatment by a physician.

WILL HEAR COMPLAINTS AGAINST GRAVEL PITS

Morrisville Council to Give
Opportunity for Airing of
the Subject

REPORTS ARE HEARD

MORRISVILLE, Aug. 13—Because of the complaints that have been coming in to Council in opposition to the gravel pits in Manor Park, common council has signified that a special meeting will be held August 25 in the Borough Hall to air these complaints. Residents of the section may then have the opportunity to be heard.

This action came at the regular meeting of Common Council, Tuesday evening, after numerous requests had been received asking aid.

Police committee reports indicated 17 arrests for the month with \$48 collected in fines. The police department was instructed to place a stop sign at the dangerous intersection of South Pennsylvania and Philadelphia avenues. The committee was also instructed to have a police signal light placed at the corner of Pennsylvania avenue and Bridge street with the switch in the home of the chief of police, at 27 North Pennsylvania avenue.

In the report of the fire protection committee came a suggestion that the engines return from the scenes of fires with less noise. It was pointed out that the siren need not sound continually on the return trip.

Reports on street repairs were heard. The Borough has Grove street and several streets in Manor Park to improve before the program will have been completed.

Council passed a resolution giving the employees of the water works one day off each week. This will make the same arrangement as enjoyed by the police department. Prior to this action the men employed at the water works were only receiving two days off per month.

An offer was received by Council from George Levering, Jenkintown, to sell the borough water over and above the amount that could be produced by the local filtration plant. Action was postponed here pending an investigation. Levering stated that all water furnished would have an "O. K." by the State Department of Health.

Outstanding water bills were reported paid, with the exception of six, and in these cases the water was turned off.

The auditors' reports showed the 1933 tax duplicate closed and council voted to release the bond. A request was made by the tax collector that the 1934 duplicate be audited so that it can also be closed.

Commence Preparatory Work, Lincoln Highway Widening

With preliminary work for the widening of the Lincoln Highway getting underway, traffic is being rerouted from that thoroughfare. Passenger cars are being detoured through Fallsington; and trucks and buses through Bristol.

Yesterday workmen commenced work of tearing out the small bridges and culverts in the Oxford Valley section, preparatory to widening of the Lincoln Highway through the Oxford Valley and South Langhorne sections.

Bus and truck travel through Bristol is exceedingly heavy due to the detour.

JOBS NOT FOR BARTER!

(New York American, August 4, 1936)

For every imported product sold in American markets, DISPLACING AN AMERICAN PRODUCT, we must pay the price of:

An American worker standing on the sidelines with empty pockets;

AND—

An American farmer denied a market for the food crops his labor has produced.

The jobs of American working men and the welfare of American farmers are not the property of any agency of government TO BE BARGAINED AWAY.

Our own producers have PRIOR RIGHTS in American markets that can only be abrogated at an economic loss.

When any agency of government permits the importation of foreign products WITH AN ADVANTAGE OF COMPETITION over American products, it is BARTERING WITH THE RIGHTS OF THE PEOPLE.

BEAUTY SPOTS OF UNITED STATES AND WESTERN CANADA VISITED BY MR. AND MRS. CHARLES BOEHM, MORRISVILLE, IN 10,000 MILE TRIP BY AUTOMOBILE

National Parks Visited Include Yosemite, Crater Lake, Glacier
and Yellowstone—See Shirley Temple—Visit the Film
Capital—Take "Movies" of the Journey

MORRISVILLE, Aug. 13—Traveling 10,000 miles and visiting 18 states, and two provinces of Canada, Mr. and Mrs. Charles H. Boehm returned home to Morrisville several days ago. The main object of the trip was for the purpose of attending the annual convention of the National Education Association in Portland, Oregon. Mr. Boehm, Assistant Bucks County Superintendent of Schools, was a delegate to the convention.

A host of interesting experiences and observations were made by the travelers who left here June 12. Stops were made at National parks, the Canadian provinces of Alberta and British Columbia were visited, different Rotary clubs were visited, moving pictures were taken by Mr. Boehm, and a general view of the drought stricken West was obtained.

Following their attendance at the National Education Association in Portland, Mr. and Mrs. Boehm were visitors at an educational motion picture forum in Hollywood, Cal., which was in session for three days. Here the travelers met writers, movie censors, art directors, and persons engaged in working on scenarios.

One of the outstanding features of the trip, as related by the Morrisville residents, was an electrical pageant which was produced by the Hollywood Producers for the Elks Lodge. An immense parade with a number of very beautifully illuminated floats made up a part of this pageant.

A number of the scenes of the pageant were taken by Mr. Boehm who took 300 feet of colored movies on the trip as well as several hundred feet of regular film.

The Boehms were also quite fortunate to see one of filmdom's favorite stars, Shirley Temple. Although the visitors were not afforded the opportunity to speak to Shirley they did get a good view when she was presented an automobile on the occasion of a birthday anniversary. Included in the pictures which Mr. Boehm took are some of this outstanding juvenile star of the screen.

According to the travelers, the tourist trade throughout the West is much better than it was last year, and in some places it was said to be increased from 10 to 15 per cent.

Weather conditions did not bother the travelers much until they crossed

the Mohave desert. Here the temperature rocketed to 120 degrees in the day and to 100 degrees in the evening. The ill-effects of this excessive heat, however, were somewhat eliminated by placing dry ice in the car which acted as an air conditioning medium. Crops in the West were said to be severely burned in some sections, but Mr. Boehm believes that the later crops will produce much better results. Rain is needed badly and the drought condition is clearly in evidence in many sections. But the visitors ran into three hail storms in one afternoon while driving across one of the Western states.

Many national parks, including Yosemite, Yellowstone, Crater Lake and Glacier, were included in the itinerary of the Morrisville travelers. The couple also stopped at Lake Louise and Banff Park in the Canadian Rockies. Salt Lake City was also a stop.

One interesting observation that Mr. Boehm made was his complete surprise at the favorable sentiment toward the Townsend plan which prevails in many sections along the Pacific coast.

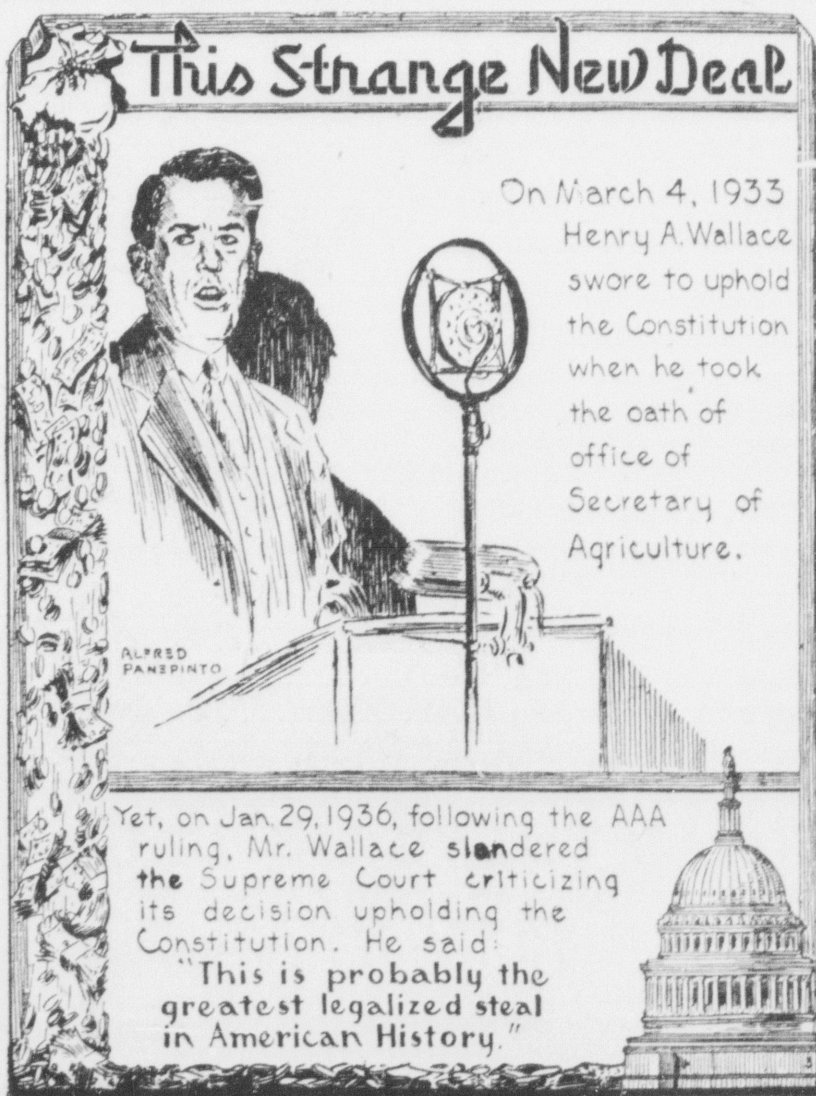

Eight Rotary clubs were visited on the trip: Calgary, Canada, Palo Alto, Pasadena, Los Angeles, West Hollywood and Beverly Hills, Cal., Omaha, Neb., and Portland, Ore.

While in Palo Alto Mr. Boehm took some pictures of the home of Herbert Hoover. He also visited with Captain Warren Rutter, son of Assistant County Superintendent A. G. Rutter and Mrs. Rutter. Captain Rutter is now stationed on the West Coast in charge of the Coast Guard at San Pedro, Cal.

Carnival at Croydon is To Benefit the Fire Co.

CROYDON, Aug. 13—The Croydon Fire Company, assisted by the Women's Auxiliary, will hold its annual carnival at Cedar avenue and State Road on Thursday, Friday and Saturday evenings of this week and next week.

The committee, under the leadership of William Smith, has planned a bigger and better carnival than has been held by the fire company for some years. It is asked that the efforts of the committee be justified by the patronage of the public.

BRITAIN REJECTS WOMEN IN DIPLOMATIC SERVICE

Claim They Cannot Serve
With Advantage to Either
State or Themselves

A GOVERNMENT EDICT

By Charles A. Smith
(I. N. S. Staff Correspondent)

LONDON, Aug. 13.—(INS)—Great Britain finally has turned down a demand that women be admitted to the country's consular and diplomatic services.

In the words of the official rejection: "The time has not yet arrived when women can be employed either in the Consular Service or in the Diplomatic Service with advantage to the State or with profit to women."

"Ridiculous," "grossly unfair," and "sex hatred" are some of the answers being made by women's organizations, and a national protest campaign is being formulated with the object of attempting to get the government to change its mind.

The women charge the government has accepted the recommendations of four members of a committee of eight which studied the question, and has declined to take into consideration favorable recommendations made by the other half of the committee. Two of the members recommended a 7-year probationary period for women, while the other two, both women, were wholeheartedly in favor of giving full status in the diplomatic and consular services.

Advancing reasons for the refusal, the government, in a white paper, said in a large majority of consular posts officers have to deal with matters which, it would be difficult for the average woman to handle.

"Women would in practice find themselves hampered and restricted as compared with men, with the result that women consular officers would not be able to give such efficient service to the State and to British subjects requiring their assistance as men," the white paper said.

It was further declared that the throwing open of the diplomatic service to women, at present at any rate, is undesirable "in view of the habits and customs of many countries."

The report also declared that the question of marriage of women consular and diplomatic officers would present insuperable difficulties.

Lady Snowden, wife of the famous British statesman, commenting on the decision, pointed out that American women were doing great service in the American diplomatic sphere. She criticized the verdict as "supremely unintelligent."

Mrs. E. M. Huback, President of the National Council for Equal Citizenship, characterized the decision as "prejudice of the old-fashioned kind."

MEDICAL SOCIETY MEMBERS HEAR STATE BOARD PHYSICIANS

Resolution Passed: To Co-
operate in Any Program That
Will Benefit Citizens

GATHER AT CO. SEAT

Arrange Testimonial Dinner
For Dr. L. S. Walton;
A Member 51 Years

At a special meeting of the Bucks County Medical Society, held at the Fountain House, Doylestown, yesterday, three representatives of the Pennsylvania State Board of Health addressed the members.

The speakers included: Dr. R. R. Dalrymple, who is in charge of the maternal welfare department; Dr. A. W. Bowman, of the nutritional section; and Dr. J. S. Donaldson, of the orthopedic section.

The trio addressed the physicians gathered, on various phases of their work as they expect to apply it under the social security program.

The following resolution was passed by the society members: "Be it resolved that the members of the public relations and medical economics committee of our society have considered the various phases of the social security program promulgated by the state and federal governments; that we have heard these matters discussed at previous meetings and today, and we therefore recommend that our society go on record as favoring continuance of the toxoid and tuberculin testing program as it has been in progress among the members of our society."

"And that it be resolved further that we co-operate very willingly with the state and federal governments in the propagation of any public health program that will prove of benefit to the citizens of our county."

"Public Relations, Medical Economics Committee."

The September meeting of the society will be in the form of a testimonial dinner to Dr. L. S. Walton, Jenkintown, who for the past 51 years has been affiliated with the organization. The affair will take place at Washington Crossing Inn.

Dr. H. Doyle Webb, Bristol, presided at yesterday's meeting.

A CANNIBAL KING

A king of the cannibal islands went on the loose in New York City, a couple of days ago. He did it in style, too. He wore only a singlet, his kinky hair was aureoled about his head and he carried a war club and a shield. New Yorkers yawned and asked "What is that guy advertising?"

But the skeptics were looking at a real cannibal king—Kata Ragoso, chieftain of Marovo in the Solomon Isles. They were not altogether wrong, however, in thinking that he was advertising something. Chief Ragoso was in New York to advertise Christianity and what it has wrought in Marovo in 22 years.

When Captain G. F. Jones, a British missionary, arrived in Marovo, in 1914, the natives thought he was just another slave trader. So Ragoso's father, Chief Tatagu, got out the war club which his son displayed to the New Yorkers, assembled 100 warriors and led them in war canoes to capture Captain Jones and his boat. When Chief Tatagu boarded the boat and started to take a swing with his war club at Captain Jones, the missionary stretched out his hand in greeting. The chief suspected funny business and jumped out of reach of the hand. Before the chief could go into action with the war club, an interpreter explained that Captain Jones wanted to establish a school in Marovo. The idea appealed to Chief Tatagu and he told the missionary to go ahead. The chief's twelve-year-old son, Ragoso, was one of the new school's first pupils. Now there are 100 schools on the island, most of them taught by natives.

Ragoso can remember watching human sacrifices when he was a boy. Cannibalism came under the head of correct deportment in Marovo in those days. All that has vanished in the last 22 years. So Ragoso thought it a good idea to show New Yorkers what Christianity has done for the islanders.

While putting on his cannibal king demonstration, Chief Ragoso was noisy and militant. When interviewed at his church's headquarters in New York Chief Ragoso glanced modestly down at his war club and murmured:

"This club was my father's. With it he killed 40 men."

MILITARISM'S EFFECT

Income of France from tourists has fallen from about 15,000,000,000 francs in 1927 to less than 1,000,000,000 francs last year. This was made known in a speech in the Chamber of Deputies recently.

This is but one item of the price distracted Europe is paying for militarism and discord. Facts of the kind are not so boldly stated in Germany and Italy, where debate savoring of government opposition is not tolerated. The loss in both countries probably is comparable with that in France.

Apart from silly strutting of national pride, the practical excuse for war-like demonstrations is to secure for nationals economic advantage. When will officialdom become capable of grasping the simple arithmetic proposition that no possible gains could be won which equal the losses of the terrific costs of armaments and of ruined trade and of scaring away tourists?

POOLS OF DANGER

Did you ever jump into a lake thinking it was shallow because you could see the bottom and find to your amazement that it was over your head and hands? If you have, you know how treacherous and deceiving water may be. It is difficult to judge depth in clear water.

Water may be your friend . . . it may turn out to be your foe; so whenever you are near it play safe and don't take any chances; above all keep your head.

When taking insurance on your life you are in no way jumping into a pool of danger. You are making a wise investment and one that will repay you many times. There is no guesswork about insurance because there are many different types of policies, one of which is bound to fit your particular "future" need.

Get in touch with us today . . . we will be glad to mail you our booklet "Finger Tip Facts" outlining our many beneficial policies.

ERRORS PROMINENT AS SEEDS DOWN JOHNSONS

Errors played a prominent part in the twilight game last night at Landreth Ball Park in which the Landreth's Seeds nosed out the visiting Johnson's All Stars (colored) of Atlantic City, 5-4.

The game was a seven inning affair with the Landrethmen putting over the winning tally in the last inning. Moore, the visitors' third baseman, muffed Bruce's fly near the pitcher's box to start the "Farmers'" half of the inning. A wild pitch and Black's grounder to short advanced Bruce to third. Barrett also grounded to the visiting shortstop and Bruce slid home when Jackson dropped Turner's relay.

The Seeds took what appeared to be a commanding lead in the fourth inning when they scored four runs on some good, hard hitting, Roe starting the inning with a base on balls and advancing when Dougherty bunted safely.

Pitko sacrificed and Pursell scored both with a three-base drive to left field. Hibbs hit to centre for two bases to score Pursell and Heftman's clout to left for two sacks counted Hibbs.

Jackson hit for three bases to open the visitors fifth and scored their first run when Barrett's return was bad. The shoremen tied the game up in the sixth inning. Moore's hit to centre, Roe's wild heave, a stolen base and Heftman's error on Ward's hopper scoring two runs. Hammond's hit bounced away from Heftman and Dougherty threw Weik's hopper wild to second, then Hammond scored the tying run when Jackson filed to Barrett.

Howard Black, pitching his first game for the "Farmers" came through in fine style striking out seven batters and not giving a base on balls.

ST. CHARLES BOWS TO TRENTON TEAM, 8 TO 2

CORNWELLS HEIGHTS, Aug. 13.—St. Charles's nine was defeated 8-2 Tuesday evening by the Trenton nine at Bowman's field. Failure to hit with men on bases caused the "Saints'" defeat. Trenton got off to an early four-run lead in the first when Sharkey got a base on balls, went to second on Hughes' single, and Mankovics scored both runners with a triple. Vechy got the second triple of the inning and scored a minute later on Gottlieb's single. The "Saints" tallied one in their half when McMahon singled, stole second, and scored on Munster's single. Trenton got two more in the third when Dank doubled and Locane got a base on balls and both scored on Kitchen's single down the right field foul line. The "Saints" picked up another run in the fifth but could get no more in the sixth to tie up the game.

BRISTOL'S NET PLAYERS CONTINUE THEIR STRIDE

Bristol's representatives in the Trenton city championship double tennis matches, "Herb" Lawrence and Nelson Green, took one more stride toward the championship last night on the Cadwalader Park courts in Trenton as the pair moved into the quarter-final round to defeat Jim Waldron and Frank Wetzel.

Given a scare in the first set when Waldron and Wetzel bore down to win 6-0, the Bristolians opened up with a flash of brilliant tennis that enabled them to annex the following two sets, 6-1, 6-2.

The classy doubles team of Bristol will continue their efforts to win the championship and tonight are matched against Cal Traver and Bill Ehret in the quarter-final round.

Other matches last evening saw one upset when the sixth seeded team of Ed and Lou Henry, who had weathered two hard early round matches, fell before the powerful and steady stroking of Cal Traver and Bill Ehret, the pair who are to play Green and Lawrence tonight. Scores were: 6-3, 6-8, 8-6.

The defending champions, Abbie Rednor and Leon Levy, still remained in the competition by soundly beating Walt Neuls and Bill Stewart, 6-0, 7-5.

One unfinished match last evening, postponed because of darkness, found Norman Swayne and Frank Blank deadlocked with Chick Bublitz and Harry Pitzinger. The third set will be finished tonight.

Announcement was made last evening by tournament director Robert Walsh that entries for the women's tournament will be accepted up until noon on Saturday. More than forty women have already signified their intention of entering the matches.

CATCHER TRANSFORMED INTO FINE SHORTSTOP

COLUMBUS, O., Aug. 13—(INS)—They chuckled when Manager Barney Shotton of the Columbus Red Birds said he was going to convert a catcher into a shortstop, but now it is Barney who is laughing—Barney and Branch Rickey, astute general manager of the St. Louis Cardinal chain. The Birds are a Cardinal unit.

Arnold Malcolm "Mickey" Owen, of Los Angeles, is the catcher who is undergoing the metamorphosis. He is doing it so well the local sport scribes are wondering why somebody didn't think of it before.

"Mickey" is only 19 years old. He came to the Red Birds from the Springfield, Mo., club at the beginning of the season. For a rookie his hitting has been sensational, but his future as a catcher was dimmed by the abundance of Cardinal receivers.

Then the shortstop situation began worrying Manager Shotton, who used to pilot the Philadelphia Phillies. Pat Ankenman, capable little shortstop who was being groomed to some day fill the shoes of Leo Durocher, Cardinal shortstop, developed a knee injury which may keep him out of the major leagues.

Shotton tried a number of substitutes in Ankenman's position but none clicked. Then one day Rickey came to town to talk over the Birds' problems with Shotton and that same afternoon the fans were surprised to find the chattering Owen in the infield instead of behind the plate.

Owen set some kind of a new record the very first day. Throughout the afternoon not one ball was hit in his direction so he had no opportunity to show what he could do. But the following day he participated in a triple

play, and apparently he is going to make the grade.

NEWS BRIEFS

PITTSBURGH — (INS) — A brave woman is Nurse Minette de Lozier, and a modest one.

Sisters of Mercy Hospital revealed Mme. de Lozier's modesty and bravery when they disclosed that she refused recently to go to Philadelphia at the request of the French government to receive the Croix de Guerre for heroism during the World War.

The French government had been searching for Nurse de Lozier for years, it was said, and did not find her until shortly after bonus checks were issued. But Nurse de Lozier, who already owns two citations from the government of France and three from the United States, asked to be excused from the newest honor offered her. She is proudest, she says, of her Victory Medal with five bars designating service in five major battles of the world conflict.

PHILADELPHIA — (INS) — An unidentified 70-year-old man who believes in squaring his old debts, recently paid a bill of \$159.86 in Philadelphia's Pennsylvania Hospital for 46 days he spent there in 1894. It included three per cent interest, at his request.

PITTSBURGH — (INS) — This city will be the scene of the forty-first National Encampment of Jewish war veterans of the United States over the Labor Day week-end.

The meeting will be attended and addressed by many prominent Pennsylvanians, including Gov. George H. Earle, Senator Joseph Guffey, and others.

Among the national figures expected to honor the convention will be

James E. Van Zandt, national commander of the Veterans of Foreign Wars. Chairman of the encampment will be National Commander Abraham Kraditor, of New York, and he will have as his guests the commanders-in-chief of Foreign Jewish War Veterans, who have recently concluded the World Congress of the group in Vienna.

Mrs. G. A. Coon, Jefferson avenue, Mrs. Nicholas Reed and son, Harold Coon, Schanton, spent several days last week in Washington, D. C., with Mrs. Coon's sister, Mrs. J. H. Brown. While there they attended the wedding of Mrs. Brown's son, Miss Florence Walsh, Cleveland, O., returned to Bristol with Mrs. Coon. On Sunday, Harold Coon and Miss Walsh spent the day in Atlantic City, N. J. Mr. and Mrs. Raymond Coon and daughter Ruth, Mr. and Mrs. Edward Becker, Cleveland, O., are spending this week with Mr. and Mrs. Coon and spent Monday in Atlantic City and Wednesday in New York.
